CHANGES IN TMSI'S UPPER MANAGEMENT

Oldenzaal, September 7th, 2018

I am happy to announce that, in our quest to assure continuity in TMSi's upper management, we have appointed Dick van Waes as our new CEO per September 1st 2018. Dick brings a wealth of experience from a variety of management functions in Operations, Research & Development, Marketing & Sales and Strategic Planning in various companies within the medical field. You can find a short resume on his [LinkedIn page](#). Dick's appointment, will allow the undersigned to transition into the CCO position with a focus on sales & marketing of our exciting new product line, the **SAGA**, in the coming year.

We trust that with this appointment, we have assured TMSi's continued wellbeing and growth and look forward to cooperate with all our customers, suppliers and other partners for many years to come.

Please join me in welcoming Dick to TMSi.

Leo Hoogendoorn

CEO/CCO
